Technical Hands-On Workshops

What's New in IDS in 2009?

Michael Köster

Michael.Koester@de.ibm.com

Alexander Körner

Alexander.Koerner@de.ibm.com

Andreas Weininger

Andreas.Weininger@de.ibm.com

Frankfurt, 2009

Goals of this workshop

- Current status of IDS
- Overview of new Features in IDS
- Overview of new Options available for IDS
- Providing ideas for new kinds of usage for IDS
- Hands-on testing of features and concept presented in workshop
- Opportunity for certification for Informix Dynamic Server Technical Mastery Test
- Audience: Customers and Partners

IDS Versions

- IDS 9.4 had reached EOS in April 2009
- IDS 7.31 will reach EOS in Sept 2009
- New version after IDS 11.50
 - 2008:
 - IDS 11.50xC1 and IDS 11.50xC2
 - 2009:
 - IDS 11.50xC3
 - IDS 11.50xC4
 - IDS 11.50xC5
 - IDS 11.50xC6
- IDS Panther in 2010

These workshops will focus on versions IDS 11.50xC2 to 11.50xC5

New Development Model

- Agile Development:
 - Large feature divided in smaller sub-features
 - Sub-feature become available through fixpacks
- Many features in large releases: Cheetah, Cheetah 2, Panther
- Some features in each Fixpack: 11.50xC1 to 11.50xC5
- Ongoing Integration with new IBM products: Cognos, Solid, Optim, etc.

Products and Features covered

- IDS 11.50 xC2 to xC5
- Informix Warehouse Feature (SQL Warehousing Tool = SQW)
- Informix Warehouse
- Storage Optimization Feature (SOF) for Informix
- Continuous Availability Feature (CAF)
- Mach 11
- Virtual Appliance
- Basic Text Search Datablade (BTS)
- Enterprise Replication

Workshops: Dates and Locations

Date	Location
September 23 / September 24	IBM Frankfurt Wilhelm-Fay-Strasse 30-34 65936 Frankfurt/Main
September 30 / October 1	IBM Hamburg Beim Strohhause 17 20097 Hamburg
October 8 / October 9	IBM München Hollerithstrasse 1 81829 Munich
October 13 / October 14	IBM Zürich Vulkanstrasse 106 8010 Zurich

Agenda Tag 1

10:00 – 10:15	Introduction to workshop
10:15 – 11:00	What is new in IDS in 2009?
11:00 – 11:30	IDS Virtual Appliance
11:30 – 11:40	Coffee break
11:40 - 12:40	Informix Warehouse Feature (SQW)
12:40 - 13:40	Lunch break
13:40 - 14:40	Mach 11 Enhancements
14:40 - 18:30	Hands-on labs

Opportunity for certification for Informix Dynamic Server
Technical Mastery Test

Agenda Tag 2

09:00 - 10:00	New Features for application development
10:00 - 11:00	Enterprise Replication News
11:00 - 11:10	Coffee Break
11:10 - 12:10	Compression
12:10 - 12:40	Technical Survival Guide
12:40 - 13:40	Lunch break
13:40 - 16:30	Hands-on labs

Opportunity for certification for Informix Dynamic Server Technical Mastery Test

Thanks!
